

# University of Tennessee at Chattanooga

## Advisor Agreement Form

### The purpose of an Advisor

1. Each sport club will have one advisor who is a **full-time** staff or faculty member at UTC. In some cases, the advisor may also be the coach of the club. It is not required that the advisor has specific expertise in the sport they are advising.
2. The purpose of the advisor is to be available during the development of plans, budgets, and programs for the club; to provide expertise and mature judgment; and help ensure that the activities and undertakings of the club are sound and reflect favorably on UTC. At no time will the club expect the advisor to be solely responsible for its operations. The advisor is there to lend assistance and advice, not carry the load for the club.
