

2019 NSSE Responses

82%

of UTC students rate their experience as excellent or good

Students who rated their experience as excellent were more likely to cite **experiential learning** as their most memorable experience

Students said their most significant learning experiences were:

student groups (4%)

"We all **come together from different backgrounds...** and we get to **create something powerful and beautiful together.**"

a specific course or program (33%)

"It really **challenged me** and helped me **look at the world around me differently.**"

personal (21%)

"I have learned to **express myself** and be comfortable in **pushing my comfort levels.**"

experiential learning (15%)

"I loved the opportunity to **grow in my learning** as well as my personal **work experience.**"

faculty (10%)

"The faculty in my department... helped me **talk through graduate school** programs and find job/ internship opportunities."

the overall experience (6%)

"a combination of my experiences here, both **inside and outside the classroom.**"
